### A8 Quattro Sedan V8-4.2L (BFM) (2005)

[Body and Frame](#) > [Doors, Hood and Trunk](#) > [Trunk / Liftgate](#) > [Trunk / Liftgate Stop](#) > [Component Information](#) > [Technical Service Bulletins](#) > [All Technical Service Bulletins for Trunk / Liftgate Stop](#) > 551110 > Page 19009

**Figure 9.** Side cross section of trunk lid closed and bump stop impacting the trunk loading sill.

1. Adjust the height of the new [bump stop](#). Using your hand, turn the bump stop counterclockwise until it rests on the trunk loading sill when the [trunk lid](#) is closed. Check through imprint.

**Tip:** It may be easier to adjust the height of the bump stop if the spring-loaded pin is depressed and rubber cover is removed, but it is not necessary. Always reinstall the rubber cover when [checking](#) the height adjustment against the trunk sill.

2. Repeat for remaining side.

3. Test the functionality of the rear trunk lid. Ensure it is within all normal operating [specifications](#).

<b>Claim Type:</b>	Use applicable claim type. If vehicle is outside any warranty, this Technical Service Bulletin is informational only.		
<b>Service Number:</b>	5559		
<b>Damage Code:</b>	0012, 0011		
<b>Labor Operations:</b>	Repair trunk mounted bump stops	5559 9999	20 TU
<b>Diagnostic Time:</b>	GFF	0150 0000	10 TU
	Road test prior to service procedure	No allowance	0 TU
	Road test after service procedure	No allowance	0 TU
	Technical diagnosis at dealer's discretion (Refer to Section 2.2.1.2 and Audi Warranty Online for DADP allowance details)		
<b>Claim Comment:</b>	As per TSB #2019840/3		
All warranty claims submitted for payment must be in accordance with the <i>Audi Warranty Policies and Procedures Manual</i> . Claims are subject to review or audit by Audi Warranty.
