Take this certificate and a current pay stub (personal financial information may be concealed) and go to your local participating Audi Dealer. If you have questions on particular Audi models, financing options or how to locate the Audi Dealer nearest you, visit www.audiusa.com.

Here are the details about the Audi Supplier Program:

- 1. Eligibility**— Current and full-time employees who work directly for an Audi Supplier can participate in the Audi Supplier Program.
- 2. How it Works**—Present original, unaltered certificate to a participating authorized Audi Dealer in the United States. When the participating Dealer verifies by reference to this certificate, to your valid government-issued identification and current pay stub that you are an eligible purchaser, the participating Dealer may sell the eligible vehicle to you at the price then currently specified by Audi of America under this program.
- 3. Participating Dealers**—Participating Dealers may sell or lease the eligible vehicle and may offer you financing between the Dealer and purchaser. Please ask Audi Financial Services for financing or leasing terms to learn if you qualify. Visit audisupplier.com for a complete listing of participating Dealers.
- 4. Parts and Accessories**—The participating Dealer also may sell you parts, accessories, finance and insurance products and other items in the same manner as any other retail purchaser. Participating Dealers may take vehicles in on trade and may acquire and dispose of such vehicles as in any normal retail transaction on such terms as they choose. All the transactions contemplated by this paragraph are strictly between the purchaser and the participating Dealer and are to be negotiated solely between the Dealer and the purchaser.
- 5. General**—In general, unless there has been advance written notice to the contrary, all new and unused MY 2012 and MY 2013 Audi vehicles, excluding A8 W12, RS5, R8 and TT RS are eligible. Vehicles may be sold at the Dealer's discretion from their stock or may be factory-ordered. Dealers are not required to sell you a vehicle from their stock that is in short supply; however, any vehicle offered under this program also may be factory-ordered. Please be advised that Audi of America may from time to time restrict the availability of certain vehicles under this program. In such cases, Audi of America will inform participating Dealers in advance in writing of the terms of such restrictions or incentives, and the Dealer will have to comply with any such terms.
- 6. Incentives**—All applicable retail incentives apply toward the program.
- 7. Claims**—Audi of America has the right to audit all the records pertaining to this transaction. If Audi of America finds that purchaser violated any terms or falsified any documentation of Audi of America's vehicle purchase program, Audi of America may cancel purchaser's privileges and/or the supplier's privileges to acquire vehicles under any special Audi of America programs and may, at its discretion, seek to recover any special benefits the purchaser received.
- 8. Final Decision**—Audi of America's decision is final in all matters relating to this program. Audi of America has the right to amend or cancel this program at any time for any reason.
- 9. Customer Contact**—In becoming an Audi customer under the terms of this program, the purchaser acknowledges and agrees to receive information and other special communications related to Audi products (e.g., Audi welcome kit, Audi Club North America membership application, *Audi Magazine* subscription). We may share purchaser's personal information with Audi affiliates, as permitted by applicable law. If we do share purchaser's personal information with our affiliates, we require them to limit their use of the information to the purposes for which it was provided.
- 10. Duration**—The Audi Supplier Program runs through January 7, 2013, unless otherwise specified. Based on delivery date.

¹ From the publishing date (January 5, 2012), this program can be used for most Audi models, excluding A8 W12, RS5, R8 and TT RS. We may add or remove vehicles from eligibility from time to time by notice to participating Dealers and Supplier web site updates. ² As with any new vehicle purchase, you are responsible for all taxes, title, licensing, documentary, emission and other fees.

Dealer Instructions: The individual presenting this certificate is interested in executing an Audi Supplier Purchase as described in above certificate. The vehicle is to be sold at M.S.R.P. less 6-percent discount (see above sample calculation) then subtracting all current applicable retail incentives. Trade-in allowance, accessories, insurance, tax, licensing, title costs/fees are to be processed as normal.	VERIFICATION: The program is designed to sell vehicles to households of our suppliers' employees. In order to verify program compliance, the employee must provide an original certificate with the company name preprinted on the form (found in the above box) and a copy of the most current pay stub verifying employment with the company (personal financial information may be concealed). If the purchase is by a household member, please verify residence by copying his or her driver's license with the common address. NOTE: This is a one-vehicle-per-household offer.	FINANCING: This program is a "Price of Vehicle" retail offer. There are no special credit provisions included or provided in this offer. That being said, we encourage you to promote Audi Financial Services for financing and leasing solutions. REPORTING: Please report this sale as Kind of Sale (KOS) 0, 2, 3. If you have any questions regarding the program or the process, please email supplierpurchaseprogram@audi.com .
