Side Panel Vent

Side Panel Vent

Special tools, testers and auxiliary items required

⌘ Hook (3438)

Removing

Zoom

Sized for Print

⌘ Removal and installation are same for right and left.

⌘ The instrument panel vent has a hole on the side for attaching the (3438).

- Position instrument panel vent blades so they are horizontal.
- Carefully pull the instrument panel vent out of the installation opening - **arrow** - on side using (3438).
- Disconnect electrical connector on instrument panel vent, if equipped.

Installing

Install in reverse order of removal. Note the following:

- Press instrument panel vent until locking tabs engage in installation opening.
