*Audi Navigation plus depends on signals from the worldwide Global Positioning Satellite network. The vehicle's electrical system and existing wireless and satellite technologies must be available and operating properly for the system to function. The system is designed to provide you with suggested routes in locating addresses, destinations and other points of interest. Changes in street names, construction zones, traffic flow, points of interest and other road system changes are beyond the control of Audi of America, Inc. Complete detailed mapping of lanes, roads, streets, toll roads, highways, etc., is not possible, therefore you may encounter discrepancies between the mapping and your actual location. Please rely on your individual judgment in determining whether or not to follow a suggested Audi Navigation plus route. Periodically mapping updates will be available for purchase at an additional cost. Consult your dealer or call 1-800-FOR-AUDI for details.

Audi

Standard & Optional Equipment

Safety/Security	TT Coupe/Roadster	TTS Coupe/Roadster	TT RS Coupe
Anti-lock Brake System (ABS) with Electronic Brake-force Distribution (EBD) and brake assist	■	■	■
Anti-theft alarm with immobilizer	■	■	■
Audi backguard system: If the car is struck from the rear, the seat is shaped to restrain the occupant's upper body and support the head at an early stage, so that the protective effect is enhanced and the risk of whiplash injury is reduced	■	■	■
Driver and front passenger advanced dual-stage airbag supplemental restraints	■	■	■
Driver and front passenger seat-mounted side thorax airbag supplemental restraints	■	■	■
Driver and front passenger knee airbags	■	■	■
ESC (Electronic Stability Control) system includes ABS/EBD/EDL/ASR	■	■	■
Front passenger occupant detection – for airbags	■	■	■
Front three-point safety belts with automatic pretensioning and force limiters	■	■	■
Hydraulic brake assist, automatically senses emergency braking and applies maximum available power boost to reduce overall stopping distance	■	■	■
If crash sensor is activated, the following will happen automatically: Central locking automatically unlocks doors, interior lighting is switched on, fuel pump and engine are switched off, hazard warning lights are switched on	■	■	■
Impact protection, including reinforced high strength steel/aluminum crossmembers, reinforced bumpers and rigid occupant cell	■	■	■
Pinch protection for all windows (reverses window at force >100N)	■	■	■
Power central locking system with safety unlock feature if airbags deploy	■	■	■
Rear safety belts with Automatic Locking Retractor (ALR) for securing a child seat (Coupe)	■	■	■
Rear three-point safety belts with automatic pretensioning (Coupe)	■	■	■
Seatbelt belt reminder for driver and front passenger	■	■	■
Sideguard® head curtain airbags for both rows of seats	■	■	■

- = Standard
- = Optional
- = Not Available

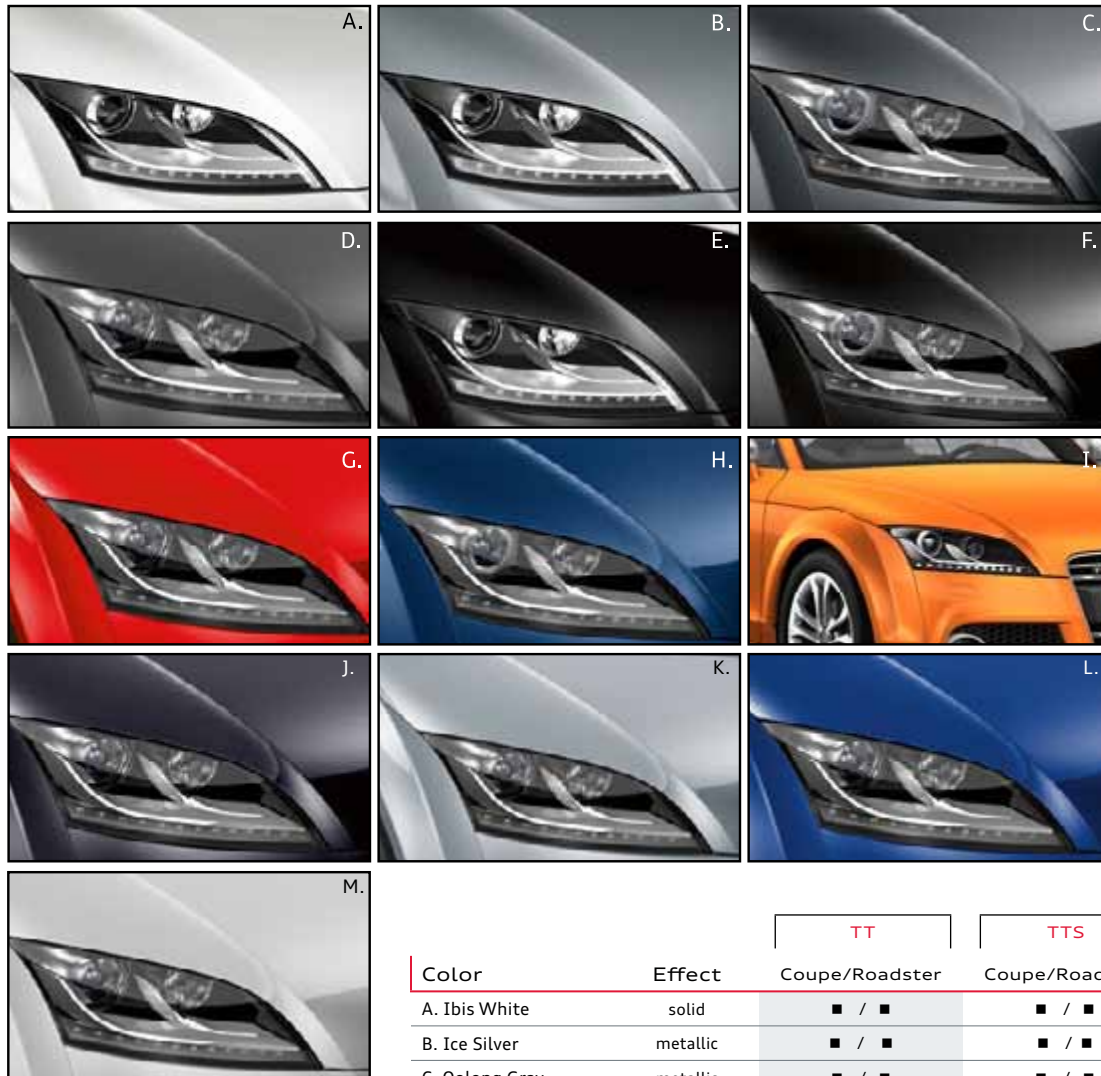

*Airbags are supplemental restraints only and will not deploy under all crash circumstances.
Always use safety belts and seat children only in the rear, using restraint systems appropriate for their size and age.
