

2017 A4 allroad[®]

Audi of America

Media Kit

OVERVIEW

Lineup Changes for 2017:

- ▶ The redesigned 2.0-liter TFSI® engine with a seven-speed S tronic dual-clutch automatic transmission melds efficiency with dynamic shifting for an overall sportier drive.
- ▶ New quattro® all-wheel drive with ultra® technology is optimized for performance and efficiency. The new drivetrain utilizes an electronically controlled multi-plate clutch along with a decoupling rear axle differential to achieve variable torque distribution.
- ▶ Standard on the 2017 A4 allroad, Audi drive select includes five drive-select modes. In addition to comfort, auto, dynamic, and individual modes, the allroad also includes an offroad mode which adjusts aspects of the quattro system, engine, transmission, steering, and disables Audi pre sense® to help provide improved performance while offroad.
- ▶ The newly redesigned five-link suspension with standard adaptive dampers, helps to deliver a comfortable ride on a variety of road conditions, with the ability to firm the dampers for dynamic driving on curvy roads.
- ▶ An increased ground clearance of 34 mm over the A4 sedan, achieved through a taller suspension and higher profile tires, makes the A4 allroad a capable choice for offroad terrain.

Highlights:

- ▶ Standard Audi xenon plus headlights with LED daytime running lights and LED taillights.
- ▶ Available Audi virtual cockpit features a large, 12.3-inch display that delivers vibrant color at 60 frames per second with NVIDIA® quad core processing power.
- ▶ New for allroad, an available full-color head-up display projects driving information directly in the driver's field of vision.
- ▶ Supported by up to 4G LTE connectivity (where available) newly available Audi connect infotainment security and service features include vehicle services such as: vehicle status report, online roadside assistance and service interval notification, automatic crash notification, manual emergency call, and stolen vehicle locator.
- ▶ Available Bang & Olufsen® 3D Sound System creates a completely new in-car audio experience, delivered through 19 speakers powered by a 16-channel amplifier with an output of 755 watts.
- ▶ Standard three-zone automatic climate control with wing-design wrap-around dashboard and diffuser air vent helps recreate natural airflow.

Key Specifications

A4 allroad

Starting MSRP*	\$44,000
Engine	Four-cylinder
Transmission	Seven-speed S tronic® dual-clutch automatic transmission with sport program and manual shift mode
Horsepower @ rpm	252 @ 5,000-6,000 (185 kW)
Torque (lb-ft @ rpm)	273 @ 1,600-4,500 (370 Nm)
Acceleration (0-60 mph)	5.9 seconds
Top track speed** (mph)	130 (210 km/h)
Curb weight (lbs.)	3,825 (1735 kg)
EPA estimates(City/Highway/Combined)†	23/28/25
