# Overview

**The A4 represents the bestselling sedan in Audi history. For 2020, Audi has made the full model line – including the A4 sedan, A4 allroad and S4 – even sportier and more cutting edge than its predecessors.**

## Powertrain and performance

- The A4 quattro sedan comes standard with a robust 2.0-liter TFSI® engine, which generates 248 horsepower and 273 lb-ft of torque and accelerates from 0-60 mph in 5.6 seconds for the sedan and 5.9 seconds for the A4 allroad.
- The 2.0-liter TFSI® engine in A4 FWD models utilizes a combustion method with shorter compression and longer-expansion phases to help increase efficiency<sup>1</sup>. The A4 FWD with seven-speed S tronic® dual-clutch transmission delivers 188 horsepower and 236 lb-ft of torque.
- The 3.0-liter TFSI® engine in the S4 delivers 349 horsepower and 369 lb-ft of torque, and sprints from 0-60 mph in 4.4 seconds<sup>2</sup>. The 3.0-liter engine is mated to an eight-speed Tiptronic® automatic transmission that is well suited for the low-end torque of the V6.
- A4 models come standard equipped with a front five-link steel suspension to provide a comfortable yet agile ride for long distances. Also available is a sport suspension, which lowers ride height by 23 mm.
- The standard adaptive damping suspension on the A4 allroad provides an increased ground clearance of 34 mm over the A4 sedan, achieved through a taller suspension and higher profile tires, making the allroad a more capable choice.
- Unique to S4 models, drivers can choose an available S sport package, which adds a sport adaptive damping suspension, red brake calipers and a sport rear differential that enhances cornering agility by actively splitting torque between each of the rear wheels, with the ability to direct nearly all torque to one wheel. The S sport package can be combined with available dynamic steering, which helps provide increased handling and stability at all speeds and is the most dynamic iteration of the S4.

## Design

- The midsize model looks more dynamic and sophisticated thanks to the new design language updates. Almost every piece of sheet metal on the exterior of the A4 has been transformed. The Singleframe grille is now broader and flatter and underneath the headlights are larger air inlets that point narrowly inward.
- A4 quattro models feature a standard S line exterior, which includes titanium black honeycomb structure in the Singleframe grille, aluminum silver matte inserts in the large front air inlets and tailpipe trim, and 18" 5-double-spoke design wheels with all-season tires<sup>3</sup>.
- For the A4 allroad, standard structured gray matte body cladding helps to highlight the vehicle's adventurous spirit. The allroad also features a unique Q-design Singleframe® grille with vertical chrome slats to emphasize the vehicle's increased ground clearance and ride height over the A4 sedan.
- Sporty design-cues differentiate the S4 sedan, including a double-slat alu-optic Singleframe® grille, alu-optic exterior side mirror housings, body-color door handles, S model specific quad exhaust outlets in chrome and a trunk lid lip spoiler.

## Technology

- New for 2020, all A4 models come standard equipped with LED headlights. The full LED headlights on Premium Plus models include a unique daytime running light (DRL) signature, giving an unmistakable presence on the road. At the top of the range, available matrix-design LED headlights with dynamic front turn indicators feature leaving and coming home animations.
- The A4 is the first in the Audi lineup to feature the all-new MIB 3 infotainment system. This new infotainment system, combined with the large 10.1-inch touchscreen, offers drivers integration of more useable technology through quicker processing speeds and higher graphical resolution in order to provide a premium overall user experience.
- Also launching on 2020 A4 models, Audi connect®<sup>4</sup> packages feature an available Verizon Unlimited data connection powered by Verizon's 4G LTE network to deliver fast, secure in-vehicle internet access to drivers (with available Navigation).
- A full suite of standard and available driver assistance<sup>5</sup> features, include adaptive cruise assist with traffic jam assist and, Audi side assist with rear cross-traffic assist, and top view camera that can help drivers navigate the road and traffic with increased confidence.

# About Audi of America

Audi of America, Inc. and its U.S. dealers offer a full line of German-engineered luxury vehicles. AUDI AG is among the most successful luxury automotive brands, delivering about 1.845 million vehicles globally in 2019. In the U.S., Audi of America sold just over 224,000 vehicles in 2019. Visit [audiusa.com](http://audiusa.com) or [media.audiusa.com](http://media.audiusa.com) for more information regarding Audi vehicles and business topics.

*“Audi,” “TFSI,” “quattro,” “S tronic,” “Audi connect,” “MMI,” “Singleframe,” “FSI,” the four rings logo and all model names are registered trademarks of AUDI AG. All other trademarks are the property of their respective owners.*

This information and any vehicle specifications are preliminary and subject to change.

1 EPA estimates. Your mileage will vary and depends on several factors including your driving habits and vehicle condition.

2 Always obey local speed and traffic laws.

3 These low-profile tires may ride less comfortably, make more noise, and wear more quickly than other choices. To avoid tire, rim, or vehicle damage, it is important that inflation pressure is regularly checked and maintained at optimum levels. Tires are supplied and warranted by their manufacturer.

4 Always pay careful attention to the road, and do not drive while distracted. Audi connect should only be used when it is safe and appropriate. Audi connect services and features are optional, provided with the support of authorized affiliated and third party service providers, and may require additional subscriptions with separate terms and conditions. Available on select models. Certain services collect location information, see Terms of Service for information about how to disable and for other details. Connect services are subject to technologies remaining commercially available, and such services are not guaranteed.

5 Driver Assistance features are not substitutes for attentive driving. See Owner’s Manual for further details, and important limitations.

6 Prices listed are the Manufacturer’s Suggested Retail Prices and do not include destination and delivery (\$975), taxes, title, options, and dealer charges. Dealer sets actual price.

7 Top track speed electronically limited in U.S. Always obey all speed and traffic laws.

8 Where stated, fuel economy values (mpg) are EPA estimates. See [www.fueleconomy.gov](http://www.fueleconomy.gov) for updated information. Actual mileage will vary and depends on several factors including driving habits and vehicle condition.

9 MMI Navigation plus depends on signals from the worldwide Global Positioning Satellite network. The vehicle's electrical system, and existing wireless and satellite technologies, must be available and operating properly for the system to function. The system is designed to provide you with suggested routes in locating addresses, destination and other points of interest. Changes in street names, construction zones, traffic flow, points of interest and other road system changes are beyond the control of Audi of America, Inc. Complete detailed mapping of lanes, roads, streets, toll roads, highways, etc., is not possible, therefore you may encounter discrepancies between the mapping and your actual location. Please rely on your individual judgment in determining whether or not to follow a suggested MMI navigation plus route.

# About Audi of America

10 Always pay careful attention to the road, and do not drive while distracted. Connect CARE services are provided with the support of authorized affiliated and third party service providers. Available on select models. Connect CARE services are activated prior to purchase or lease and do not require registration or paid subscription. Connect CARE services require vehicle cellular connectivity and availability of vehicle GPS signal; certain services collect location information, see Terms of Service for information about how to disable. Audi Connect services, including Connect CARE are subject to technologies remaining commercially available, such services are not guaranteed, and may not be available after December 2021. See Terms of Service, Privacy Policy, and other details at [www.audiusa.com/privacy](http://www.audiusa.com/privacy) and <https://www.audiusa.com/technology/intelligence/audi-connect/connect-terms>. Connect CARE services should only be used when it is safe and appropriate.

11 Connect PRIME services are optional, may require an additional subscription with separate terms and conditions, and should be used only when it is safe and appropriate. Trial or paid subscription required. Connect PRIME services require vehicle cellular connectivity and availability of vehicle GPS signal; certain services collect location information, see Terms of Service for information about how to disable. Online services are subject to change at any time. Google Earth features will not be available after December 2020 for Model Year 2018 & older vehicles. Google Earth is a trademark of Google Inc. See Terms of Service, Privacy Policy, and other details at: <https://www.audiusa.com/privacy> and <https://www.audiusa.com/technology/intelligence/audi-connect/connect-terms>

12 Always pay careful attention to the road, and do not drive while distracted. The Wi-Fi hotspot feature is intended for passenger use only. Wifi feature is provided through Connect PLUS. Connect PLUS features and technologies are optional, may require additional subscription with separate terms and conditions, and should be used only when it is safe and appropriate. See materials provided by wireless carrier for terms, privacy, data security details. Returning devices connect automatically and use data plan unless hotspot is removed from device settings.

13 Not all Apple CarPlay or Android Auto features available on all operating systems. Message and data usage rates apply. These features require compatible device, operating system, and mobile apps. See mobile device and app providers for terms and privacy. “Android, Android Auto, Google Play, and other marks are trademarks of Google Inc. “Apple CarPlay” is a trademark of Apple Inc.

14 SiriusXM® Satellite Radio subscriptions sold separately or as a package after trial expires. Subscriptions are governed by SiriusXM® Customer Agreement (see [www.siriusxm.com](http://www.siriusxm.com)) and are continuous until you call SiriusXM® to cancel. Sirius U.S. Satellite Service available only to those 18 and older in the 48 contiguous U.S.A., D.C and Puerto Rico (with coverage limitations).

15 Requires compatible smart device. This is a CONSUMER device. BEFORE USE, you MUST REGISTER THIS DEVICE with your wireless provider and have your provider’s consent. Most wireless providers consent to the use of signal boosters. Some providers may not consent to the use of this device on their network. If you are unsure, contact your provider. You MUST operate this device with approved antennas and cables as specified by the manufacture. Antennas MUST be installed at least 20 cm (8 inches) from any person. You MUST cease operating this device immediately if requested by the FCC or a licensed wireless service provider. WARNING. E911 location information may not be provided or may be inaccurate for calls serviced by using this device.

# About Audi of America

16 See Owner's Manual for further details and important warnings about the keyless ignition feature. Do not leave vehicle unattended with the engine running, particularly in enclosed spaces, and consult local laws for any limitations on use.

17 Park Assist utilizes autonomous steering. However, entering and exiting parking spots, as well as preventing collisions are always the responsibility of the driver. See Owner's Manual for further details, and important limitations.

18 Airbags are supplemental restraints only and will not deploy under all crash circumstances. Always use safety belts and seat children only in the rear, using restraint systems appropriate for their size and age.
